The Allure of the Archives Arlette Farge 2013-09-24 DIVArlette Farge's *Le Goût de l'archive* is widely regarded as a historiographical classic. While combing through two-hundred-year-old judicial records from the Archives of the Bastille, historian Farge was struck by the extraordinarily intimate portrayal they provided of the lives of the poor in pre-Revolutionary France, especially women. She was seduced by the sensuality of old manuscripts and by the revelatory power of voices otherwise lost. In *The Allure of the Archives*, she conveys the exhilaration of uncovering hidden secrets and the thrill of venturing into new dimensions of the past. Originally published in 1989, Farge's classic work communicates the tactile, interpretive, and emotional experience of archival research while sharing astonishing details about life under the Old Regime in France. At once a practical guide to research methodology and an elegant literary reflection on the challenges of writing history, this uniquely rich volume demonstrates how surrendering to the archive's allure can forever change how we understand the past./div

Allure of Deceit Susan Froetschel 2015-02-03 A young inventor and his wife are killed in a terrorist attack—leaving behind a will that surprises friends and parents by directing a vast fortune toward charities in the developing world. On the ground in Afghanistan, international charities rapidly search for Afghan partners to compete for the attention of the new foundation, focusing their efforts on two particular women in the village of Laashekoh: a young mother who might have been wrongly imprisoned for her role in helping to run a child-trafficking ring; and an older, educated woman who has a reputation for providing reproductive healthcare—including abortions. Meanwhile, most Laashekoh villagers do not want Western charity and are astounded to be regarded as potential recipients; they are self-sufficient and see no need for outside intervention in village concerns. But when a group of orphanage workers visiting the village goes missing, foul play is immediately suspected and the villagers face tough questions. As Afghans and Westerners work to uncover the truth, the reputations of charity workers, potential beneficiaries, and locals in Laashekoh are called into question. The stakes are high, the sums of money are huge, and cultures clash. All these are motivations for fraud and murder in *Allure of Deceit*. From the Trade Paperback edition.

The Allure of Blackness Among Mixed-Race Americans, 1862-1916 Ingrid Dineen-Wimberly 2019 "In *The Allure of Blackness among Mixed-Race Americans, 1862-1916*, Ingrid Dineen-Wimberly examines generations of mixed-race African Americans after the Civil War and into the Progressive Era, skillfully tracking the rise of a leadership class in Black America made up largely of individuals who had complex racial ancestries, many of whom therefore enjoyed racial options to identity as either Black or White. Although these people might have chosen to pass as White to avoid the racial violence and exclusion associated with the dominant racial ideology of the time, they instead chose to identify as Black Americans, a decision that provided upward mobility in social, political, and economic terms. Dineen-Wimberly highlights African American economic and political leaders and educators such as P. B. S. Pinchback, Theophile T. Allain, Booker T. Washington, and Frederick Douglass as well as women such as Josephine B. Willson Bruce and E. Azalia Hackley who were prominent clubwomen, lecturers, educators, and settlement house founders. In their quest for leadership within the African American community, these leaders drew on the concept of Blackness as a source of opportunities and power to transform their communities in the long struggle for Black equality. *The Allure of Blackness among Mixed-Race Americans, 1862-1916* confounds much of the conventional wisdom about racially complicated people and details the manner in which they chose their racial identity and ultimately overturns the "passing" trope that has dominated so much Americanist scholarship

and social thought about the relationship between race and social and political transformation in the nineteenth and twentieth centuries."--

The Castle of Allure Alastair Macleod 2014-10-08 "Signora Grimaldi introduced her friends as they met with Flavia in the hall, "this is Signora Cassani and this is Signora Altieri. And this," she said turning to the dark haired woman "is my daughter Antonina." In that moment before they kissed in greeting, Flavia looked into those deep dark, almond shaped eyes, set above full lips. By now the elderly trio were already making their way towards the sun terrace. That perfume again. Flavia had an almost irresistible need to keep holding Antonina in that greeting embrace. Only with difficulty did she tear herself away. Antonina had not moved to break off. Was she feeling the same? She stood now before her, her neck flushed a little. "Let's join the others," said Flavia When she held Antonina's delicate warm hand in hers she felt a jolt of energy run up her arm and across her body" *Sex Appeal* Steven Heller 2000-03-01 In this first book to seriously examine the use and/or abuse of sex and innuendo in the mass media, interviews with leading figures in mainstream marketing focus on sex and innuendo, from the so-called satiric pornography of Calvin Klein ads and the muscle men and women hawking Evian water, to the sensual allure used in graphic and advertising design in music, art, film, packaging, and publishing.

How to Become a Woman of Charm (black and White Edition) Chiara Giuliani 2017-08-17 Charm is a French word whose meaning is slightly different from the English term charm. It indicates that blend of beauty, elegance, appeal, allure, and style that can make a woman glamorous and irresistible. As a matter of fact, the beauty and allure of a woman are so much more than just long legs, deep eyes, and luscious hair—they are brought about by the holistic effect of many elements, including personality, which can make a woman extremely attractive in her own unique way.This unmatched style manual illustrates step-by-step how to attain an inimitable charme and find the look perfect for you, the one that's appropriate for every situation and most importantly aligned with your personality—because every woman, whatever her body type, always has the possibility of becoming more attractive as long as she listens to her own style.If we really want to get the image we desire, it's not enough to just follow the "basic rules" required to

highlight our physique. Meanwhile, a simple pair of jeans can produce outstanding results as long as they're in step with the character of the woman wearing them. Divided into easy-to-read chapters and enriched by lots of no-cost ideas and useful illustrations, this book explains how to identify your personal style and how to enhance your strongest points with the help of colors, patterns, and fabrics but also with priceless tips unearthed from the past. Abortion & Life Jennifer Baumgardner 2008-09-01 "In her role as author and activist, Jennifer Baumgardner has permanently changed the way people think about feminism . . . and will shape the next hundred years of politics and culture."—The Commonwealth Club of California, hailing Baumgardner as one of Six Visionaries for the Twenty-First Century "If Jennifer Baumgardner ever needs another mom, I'll be the first in line to adopt her. She's smart, fearless, and a formidable force for change."—Barbara Ehrenreich, author of Nickel and Dimed In *Abortion & Life*, author and activist Jennifer Baumgardner reveals how the most controversial and stigmatized Supreme Court decision of our time cuts across eras, classes, and race. Stunning portraits by photographer Tara Todras-Whitehill of folk singer Ani DiFranco, authors Barbara Ehrenreich and Gloria Steinem, and others accompany their elucidating accounts of their own abortion experiences. In this bold new work, Baumgardner explores some of the thorniest issues around terminating a pregnancy, including the ones that the pro-choice establishment has been the least sensitive or effective in confronting. Jennifer Baumgardner is the producer/creator of the award-winning film *I Had an Abortion*. She is the co-author (with Amy Richards) of *Manifesta: Young Women, Feminism, and the Future* and *Grassroots: A Field Guide for Feminist Activism* (both Farrar, Straus & Giroux). Her most recent book is *Look Both Ways: Bisexual Politics* (FSG, 2007). She writes regularly for women's magazines like *Glamour*, *Elle*, and *Allure*, as well as more political outlets such as *The Nation*, *Harper's*, and *NPR's All Things Considered*. She lives in New York City. Praise for *Abortion & Life*: *Publishers Weekly*, Sept. 2008 *Activist*, filmmaker (of *I Had an Abortion*) and co-author (*Manifesta: Young Women, Feminism and the Future*) Baumgardner dedicates her work to spreading awareness about abortion. Graced with black and white photo portraits by Tara Todras-Whitehill of women wearing Baumgardner's shirt, reading simply "I had an abortion," the emphasis is on the testimony of these patients, revealing not only how common the procedure is (one in three women, according to the Guttmacher Institute) but how diverse those women and their situations are. Baumgardner begins with a brief history of abortion legislation in America, from pre-Roe v. Wade restrictions to clinic workers and doctors protested, threatened and murdered (as in the case of Buffalo doctor Barnett Slepian). Still, as Baumgardner says, it's the record of "our lives [that] might provide the best road map to strengthening women's reproductive freedoms." Included is a comprehensive listing of abortion resources, and 10 percent of the book's profits go to the New York Abortion Access Fund. "An effort at finding the middle ground on a contentious

issue. Baumgardner's dedication to widening and civilizing the discussion is clear. She instructs, hopefully; this book belongs in the hands of a new generation of abortion-rights advocates, who can benefit from its history and might strive to answer its difficult questions."—Los Angeles Times

Seduced by Twilight Natalie Wilson 2014-01-10 Stephenie Meyer's Twilight saga has maintained a tight grip on the contemporary cultural imagination. This timely and critical work examines how the Twilight series offers addictively appealing messages about love, romance, sex, beauty and body image, and how these charged themes interact with cultural issues regarding race, class, gender and sexuality. Through a careful analysis of the texts, the fandom and the current socio-historical climate, this work argues that the success of the Twilight series stems chiefly from Meyer's negotiation of cultural mores.

Cinema's Illusions, Opera's Allure David Schroeder 2016-10-06 The invention of cinema was ingenious, so much so that virtually no-one quite knew what to do with it. In its earliest stages, especially with the advent of the feature film, it needed models, and opera proved to be especially useful in that regard. The allure of opera to cinema early in the twentieth century held up through the silent era, into sound films, through the golden age of movies, and beyond. This book explores the numerous ways – some predictable, some unexpected, and some bizarre – in which this has happened. The influence of Richard Wagner on filmmakers has been especially striking, and some have even devised visual images that seem to emerge from a kind of non-verbal Wagnerian essence – a formative, musical urge that can underlie a cinematic idea, defying explanation and remaining purely sensory. Directors like Griffith, DeMille, Eisenstein, Chaplin, Bunuel or Hitchcock have intuited this possibility. Schroeder provides a fascinating, well-researched and always entertaining account of the influence of one medium on another, and shows that opera can often be found lurking in the background (or booming in the foreground) of an impressive range of films.
